

**NOTICE OF PUBLIC HEARING
DIVISION FOR AIR QUALITY
PROPOSED REGULATORY AMENDMENT**

The Kentucky Energy and Environment Cabinet will conduct a public hearing on December 22, 2016, at 10:00 a.m. (EST) in Conference Room 111 at 300 Sower Boulevard, Frankfort, Kentucky. This hearing will be held to receive comments on the following proposed regulations:

401 KAR 60:005	40 C.F.R. Part 60 standards of performance for new stationary sources
401 KAR 63:002	40 C.F.R. Part 63 national emission standards for hazardous air pollutants
401 KAR 53:060	List of hazardous air pollutants, petitions process, lesser quantity designations, and source category list

The proposed amendments to 401 KAR 60:005 and 63:002 incorporate U.S. EPA federal regulations published in the Code of Federal Regulations as of July 1, 2016. The proposed amendment to 401 KAR 63:060 updates the list of hazardous air pollutants and source categories to be consistent with U.S. EPA. Amending these regulations will allow Kentucky to continue to receive delegation of authority for the implementation and enforcement of the federal NESHAP and NSPS programs from U.S. EPA.

This hearing is open to the public and all interested persons will be given the opportunity to present testimony. To assure that all comments are accurately recorded, the Division requests that oral comments presented at the hearing are also provided in written form, if possible. It is not necessary that the hearing be held or attended in order for persons to comment on the proposed regulatory amendments. If no request for a public hearing is received by December 15, 2016, the hearing will be cancelled, and notice of the cancellation will be posted at <http://air.ky.gov/pages/publicnoticesandhearings.aspx>. Written comments should be sent to the contact person and must be received by December 31, 2016.

The Energy and Environment Cabinet does not discriminate on the basis of race, color, national origin, sex, age, religion, or disability and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford an individual with a disability an equal opportunity to participate in all services, programs, and activities.

Any individual requiring copies may submit a request to the Division for Air Quality in writing, by telephone, by FAX, or e-mail. Requests for copies should be directed to the contact person. The proposed regulations can be accessed at:

<http://www.lrc.ky.gov/KAR/TITLE401.htm> or <http://air.ky.gov/Pages/DAQProposedRegulationChanges.aspx>.
